Starting from: ASAP

GENERAL CONTEXT

Un Ponte Per (UPP) is an Italian NGO established in 1991 with a mission to prevent armed conflicts, protect human rights, and support local civil society in Middle Eastern and Mediterranean countries. Since 2015, UPP has been leading the way in the North East Syria (NES) response, developing a comprehensive system of health services delivered in 26 facilities, including mobile units, hospitals, primary health care centers, and rural health posts, as well as providing capacity building for local actors on Gender Based Violence (GBV) prevention and response, Child Protection (CP), Psycho-social Support (PSS) and protection mainstreaming in health programs. In 2022, UPP also launched a multi-year Health System Strengthening (HSS) programme to address the structural needs and contribute to the reinforcement of the NES health care system in the medium/long-term, encompassing the different components of HSS such as health education and capacity building of health professionals, health care planning and management at territorial level, quality of care, emergency preparedness and response, data management and production of health statistics to support evidence-based decision making.

DEFINITION OF THE POST

The Health Quality Specialist (HQS) will be responsible of achieving the programme's outputs aimed at monitoring and increasing the quality of health care serviced delivered in NES, through assessment and research, quality improvement plans, capacity building and technical assistance to relevant stakeholders (local health institutions, NGOs, private actors). The Specialist will form integral part of UPP Health Governance Department, she/he will work under the technical supervision of the UPP Health Governance Specialist and under the line management of the Project Manager, and will closely coordinate with the Health Governance Coordinator (HGC) and the Information Management (IM) Specialist. She/he will be technically supervising and mentoring a local Quality Programming Officer (dedicated to support the health quality component) and will provide advice and recommendations for mobilising additional expertise (both international and local) to achieve the planned goals throughout the project implementation, as needed.

ROLE AND RESPONSIBILITIES

The Health Quality Specialist, in coordination with the key figures mentioned above, will be responsible of:

- Reviewing the health quality assessment conducted under the previous action and developing a proposal for a basic set of quality indicators relevant to all the levels of care, to be shared and agreed within the different actors engaged in health care delivery;
- Coordinating with the IM Specialist in readapting the Health Care System (HCS) Dashboard to the basic
